

### **URGENT RECRUITMENT NOTICE – VOLUNTEERS REQUIRED!**

Further to our previous communication, we can confirm that we have received some interest from Knights Grove residents but at this stage we they have not been able to commit to the required time, so we have not been able to take this forward.

The Management Company Directors and non-Director Board members are all volunteers and are committed to the efficient maintenance of the estate whilst balancing this with our personal and professional lives, but we are now at risk of not being able to fulfil our obligations to our residents and we would ask again urgently for your support.

We are actively looking for a chairperson which will be a director role (the current chair is due to move from the Estate in the next few months). This role will be fully supported by the current Finance Director to ensure the management committee continues to operate effectively. We would of course welcome any additional support for the existing Directors.

The time commitment is about an hour a week and attendance at monthly management meeting.

If you can help or are interested, please send an email to [karen@knightsgrove.co.uk](mailto:karen@knightsgrove.co.uk)
